**To Heads of enterprises and organizations,
universities and sectoral institutions**

Dear Colleagues!

We would like to invite you to participate in the upcoming events of the XVIII Ural Mining Industry Decade, which will be held from 2nd to 11th of April, 2020, at the Ural State Mining University.

Ural Mining Industry Decade traditionally draws attention of Russian and foreign mining and extractive enterprises and organizations, research institutes of The Russian Academy of Sciences, educational organizations. It contributes to effective engagement of science and industry, strengthen the status of the Ural region as one of mining complex centers of the Russian Federation.

Main events of the Ural Mining Industry Decade:

- IX International scientific and technical conference “Innovative geo-technologies in ore and non-ore deposits” (compilation edit, RSCI);
- XXV International scientific and technical conference “Science basis and method of ore and anthropogenic raw material recycle” (compilation edit, RSCI);
- VII International scientific and practical conference “Ecological safety of mining regions” (compilation edit, RSCI);
- XVIII International scientific and technical conference “Readings in Memory of V.R. Kubachek. Technological equipment for mining and oil and gas industry” (compilation edit, RSCI);
- XVIII International scientific and practical conference of young scientists and students “Mining university to the young generation” (compilation edit, RSCI);
- International scientific and technical internet-conference “Project management of natural and anthropogenic complexes under new circumstances”;
- All-Russian Student Olympics “Hydraulic gear projecting” (III phase);
- Career guidance event “Student fair”.

Moreover, in the 4th of April, within the Ural Mining Industry Decade, Alumni Forum will be held, which is timed to celebration of the National Geologist Day.

Further information, conditions for participation and decade program are placed on the website www.ursmu.ru/umid/
